Bahamas

Interesting facts about the Bahamas:

Home to one of the biggest barrier reefs in the world – Andros Barrier Reef is the third largest living organism on the planet! It's famous for their crystal-clear turquoise waters. It's so clear that in some parts it's possible to see the ocean floor 200 feet below the surface!!

The Bahamas were also frequented by Pirates between the 1600s - 1700s and among those pirates was none other than Blackbeard! Can you find his buried treasure somewhere among the 700 islands that make up this tropical archipelago?

Weather:

Day **74°** // Night **74°** - constant throughout the day
February in the Bahamas is perfect across the board
Dry Season - cool and less humid

- [AT&T link](#)
- [T Mobile link](#)
- **TAKE PICTURES OF YOUR IMPORTANT DOCUMENTS**
 - In case anything happens and you lose your passport // ID // credit card, it's great to have pictures on your phone as backups

DO NOT:

- **TRAVEL OUTSIDE OF THE TOURIST TRAVEL ZONE**
 - The US Department of State has issued a **Level 2** safety warning due to crime in the Bahamas - meaning you should exercise increased caution.
 - If you do decide to leave the tourist areas and see what downtown Bahamas has to offer, Please exercise extreme caution. As with anywhere else in the world, a tourist in a city that they are unfamiliar with could be seen as a target.
- **GO INTO DOWNTOWN BY YOURSELF**
 - stay in groups of AT LEAST 4 people when downtown
 - make sure no one is left behind or unaccounted for for long periods of time
 - use the buddy system, and make sure at least one person knows when you and your group will be back at the hotel.
- **OVERINDULGE**
 - If you, or someone in your group, chooses to partake in a couple of adult beverages while downtown, don't overindulge, stay vigilant, as this can make you more of a target.

With all of these things being said, we are not trying to detour you from exploring, we want you to be as safe as possible!
